

Holiday Closed Dates

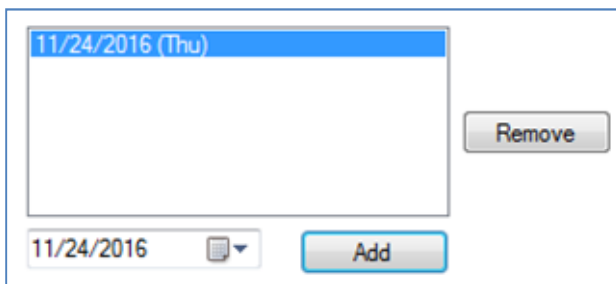

If your business is closed on a specific day during this holiday season, you should enter that date into Alerion so that any rental due dates will be extended and any late fees will not accrue on the dates you will be closed.

How To Set A Closed Date In Alerion

1. Launch Alerion and login.
2. Click Rental Pricing.

3. Click the date drop down box in the lower right hand corner to select the date your are closed. Then click the **Add** button.

4. Click **OK** to close the Rental Pricing Setup window and your a done.
